To: The Faculty Senate
From: Faculty Senate Steering Committee by Matt Hudelson, Faculty Senate Executive Secretary
Subject: Proposed Additions to the Education Policies and Procedures Manual (EPPM) Section 22 New and Revised Courses and Requirements

We propose inserting two subsections to EPPM Section 22.2 to clarify and formalize processes related to curricular changes. This language, developed in consultation with the Graduate School and the Registrar's Office, details submission processes for new or revised courses and academic requirements.

- **22.2.3 New and Revised Courses Submission Process:** This subsection codifies the policy passed by the [Faculty Senate on March 21, 2024](#), providing a standardized procedure for submitting proposals for new or revised courses. [Link will be inserted]
- **22.2.4 New and Revised Academic Requirements Process:** This subsection codifies established practices that were not previously represented in policy for proposing changes to academic requirements.
