RE: BA in Economics

The Faculty Senate Library Committee discussed the proposal for the BA in Economics on April 11, 2025. As this is a variation of a current program, we have adequate resources, but we feel it is important to note that we are dealing with a large (approximately \$750,000) collections budget cut in this current fiscal year and given the budget outlook, we anticipate more cuts next fiscal year that could certainly impact our ability to support this program at current levels.
