<p>Design and Construction Revise requirements for BA in Interior Design</p>	<p>Interior Design (120 Credits)</p> <p>Interior Design (ID) is a four-year program structured into one year of pre-professional coursework and three years of major (professional) coursework. Professional program courses begin in second year fall. Due to the sequential nature of courses there are no spring admits. To be considered for admission into the ID program, a student must have completed the following pre-professional coursework (or their approved equivalents):</p> <p>ART 101, 201, or 202 [ARTS], COM 102 [COMM], ENGLISH 101 [WRTG], HISTORY 105 [ROOT], PSYCH 105 or SOC 101 [SSCI], and SDC 100, 120, 140, each with a grade of C or better and an overall <u>cumulative</u> GPA of 3.3 or higher.</p> <p>Students not meeting the admission to major criteria above will be considered until enrollment limits are reached. Average enrollment limits into the second year of the interior design major are 25-30 students. Greater emphasis is given to performance in SDC 100, 120, and 140. Completion of all pre-professional coursework does not guarantee acceptance into the professional program. Students are encouraged to work with SDC advisors to identify an alternate major should they not be admitted to their primary choice of major.</p> <p>Transfer Students</p> <p>A limited number of transfer students are considered each year. Requirements include completion of the pre-professional courses (or approved equivalents). Emphasis is given to cumulative GPA. A design portfolio may be requested for additional evaluation.</p> <p>Schedule of Studies</p> <p>The plan below is a suggested path to completion of the interior design degree. Students will meet with an advisor each semester to confirm academic schedule and monitor progress towards graduation.</p> <p>Students are required to earn a grade of C or better in all major courses required for the degree (SDC 100, 120, 140, 250, 300, 350, 473; I D 197, 201, 203, 205, 215, 277, 297, 312, 321, 325, 326, 333, 350, 397, 415, 425, 426, 460).</p> <table border="1" style="width: 100%; border-collapse: collapse; margin-top: 10px;"> <tr> <td colspan="2" style="text-align: left;">First Year</td> </tr> <tr> <td style="width: 80%;"><i>First Term</i></td> <td style="width: 20%; text-align: center;"><i>Credits</i></td> </tr> </table>	First Year		<i>First Term</i>	<i>Credits</i>	<p>8-26</p>

Music
Revise requirements for Bachelor of Arts in Music - Elective Studies in Pre-Law Option

Music - Elective Studies in Pre-Law Option (120 Credits)

8-26

The Bachelor of Arts in Music, Elective Studies in Pre-Law option is designed to provide students with the opportunity to pursue a music degree while also preparing for possible admission to law school. In collaboration with the Pre-Law Resource Center, this degree plan offers suggestions for UCORE and non-music electives that develop critical reading, writing, research, and communication skills, along with attaining some background and knowledge of the law.

Each student desiring to pursue a music major at WSU must have an audition with the studio teacher of the major instrument or voice of intended study, and in the case of multiple teachers in the studio, with the area coordinator. Faculty and students are encouraged to set up an audition before the semester, use the first lesson as an audition, or use the ensemble placement audition as the audition.

To be admitted as a major pursuing any degree in music, students must meet the following criteria:

~~Completion of 24 credits; cumulative GPA of 2.0; completion of 10 credits with a cumulative GPA of 2.0 and a grade of C or better in those courses selected: MUS 151, 181, 182, 251, 252, 253, 254, and up to four credits of applied study; approval of the appropriate applied study area coordinator (approval requires two semesters' study as specified by each area: Brass, Woodwind, Strings, Percussion, and Keyboard at 300 level with grade of B- or better, and Voice at 200 level with grade of B- or better); completion of application available from department.~~

1. Successfully audition into 300-level lessons on their major instrument or voice
2. Enroll in MUS 251 and 252 or be approved to receive transfer credit by the Music Theory Area Coordinator.

This four-year program is designed to meet the needs of students pursuing a broad liberal arts background with a major in music. Of the total 120 credits required for a degree in this program, 50 credits are in music and 70 credits are devoted to courses outside music, including the University Common Requirements (UCOREs). Non-music courses other than those used for the UCOREs must be at the 200-level or above. 40 credits of the 120 required for the degree must be 300-400 level. Other requirements include: achieve a cumulative 2.5 GPA and a grade of C or better in all music classes; ~~senior qualifying exam~~ second-year assessment; piano proficiency exam or grade of C or better in MUS 182.

Only 9 credits of MUS courses can be used to fulfill UCORE requirements.
