Hi all,

This email is to let you know that the revised [UPPM 60.56](#) and [UPPM 60.57](#) are now published on our website.

PRF will post a linked and summarized revision announcement on our website and the WSU Insider Announcements. We also provide summaries of new policies to WSU leadership via email several times per year. Additional rollout actions or training related to the policy are the responsibility of the policy owners; however, PRF is available for consultation and assistance upon request.

We recommend the policy owner view the published policy to proofread the information and double check the links within. If you find anything needing correction, please contact me as soon as possible.

Thank you!

Minerva Meadows
