Major Change Form (addendum)
Reason for request to extend existing program

We are requesting an extension of the graduate-level Bioethics Certificate from being a Pullman-based certificate to also being a WSU Global Campus (online) certificate. The three required courses are already offered online. Continuing to offer them will not require any additional commitment of resources. We do not anticipate enrollment numbers that cannot be covered by current staff for the foreseeable future. Indeed, when we submitted the original forms for approval of the Bioethics Certificate, we believed it would be an online/Global Campus certificate at that time. So this change merely brings into effect a program for which we had already planned. In addition, this change is desired by both WSU Global Campus and by the School of Philosophy, Politics, and Public Affairs.
